BACHELOR OF COMPUTER AND INFORMATION SCIENCES

With hands-on experience in programming, software development, and cloud computing, I bring a blend of technical skills and problem-solving abilities that make me a valuable asset to any team. I am eager to contribute to innovative projects and help drive the success of your company. My goal is to continually grow in the IT sector, developing expertise in software engineering, cloud solutions, and emerging technologies like AI. I aim to achieve certifications, take on leadership roles, and contribute to projects that shape the future of technology. I am dedicated to advancing my skills and knowledge in this ever-evolving field. My self-motivated approach to learning and technical acumen enable me to tackle challenges with creativity and precision. I aim to leverage my comprehensive understanding of Computer Science to contribute innovative solutions as a software engineer.

PROFESSIONAL EXPERIENCE

IIE Varsity College
Private Tutor

March 2024 - Present

Provided personalized C# and Java programming tuition to first and second-year students, helping them strengthen their understanding of core concepts, improve coding skills, and successfully complete coursework. Tailored lessons to individual learning styles, fostering a supportive and engaging learning environment that encouraged student success

Afzal Fragrances
Sales and Marketing Specialist / Webmaster

2017 - Present

- Performed various functions in a family-orientated business which allowed my skill-set in all business operations to be explored.
- Managed sales teams at various exhibitions across the country.
- Assisted in research & development of innovative products in the industry.
- Currently managing and working part-time at a mall-based outlet for the company.
- Revamped and currently managing the company's website by transforming an outdated PHP-based platform into a modern, innovative WordPress e-commerce site. This involved implementing responsive design, optimizing user experience, and integrating advanced e-commerce functionality to drive online sales and enhance the brand's digital presence.

Vrentals Car & Van hire
Data Capturer and Administrative Assistant

July 2021 - December 2021

- Accurately entered and managed large volumes of data, ensuring high levels of accuracy and efficiency.
- Developed strong attention to detail and the ability to maintain full concentration in a fast-paced environment.
- Collaborated effectively with team members to streamline administrative processes and improve overall office efficiency.
- Gained experience in handling confidential information, maintaining records, and supporting daily operational tasks.
